TOWN WARRANT

THE STATE OF NEW HAMPSHIRE

To the Inhabitants of the Town of Andover in the County of Merrimack, in said State, qualified to vote in Town Affairs:

(L. S.)

You are hereby notified to meet at the Town Hall in said Andover on Tuesday, the 13th day of March, next, at nine of the clock in the forenoon, to act upon the following subjects:

1. To choose all necessary Town Officers for the year ensuing.
2. To raise such sums of money as may be necessary to defray town charges for the ensuing year and make appropriations of the same. (Estimate \$2,600.)
3. To raise and appropriate money for highways and bridges under the following items:
 - a. General town road maintenance (Estimate \$5,500).
 - b. General highway expenses (Estimate \$2,000).
 - c. Town Road Aid (\$649.79 to match \$2,599.15 from State).
 - d. Blacktop and chloride (Estimate \$2,000).
 - e. Street lighting (Present contracts \$743).
 - f. Town highway truck and snowplow.
 - g. Construction of new tractor house.

4. To raise and appropriate money for the protection of persons and property under the following items:

- a. Police department and tramps (Estimate \$100).
- b. Fire department (Estimate \$250).
- c. Payments to precincts for fire protection purposes. (Suggest continued \$250 appropriation to each.)
- d. War emergency fund (Suggest \$250).

5. To raise and appropriate money for the care of the cemeteries. (Suggest continued appropriation of \$150.)

6. To raise and appropriate money for Memorial Day.

7. To raise and appropriate money for the use of the town libraries (Library committee estimates \$300).

8. To raise and appropriate money for defraying the expenses of the town health department (Estimate \$1,800).

9. To raise and appropriate money for taking care of the poor including old age assistance and soldiers' aid (Estimate \$3,000).

10. To see if the town will vote to raise and appropriate the sum of \$100 for the Dartmouth-Lake Sunapee Region.

11. To see if the town will vote to raise and appropriate the sum of \$1,265, to be added to the Capital Reserve Fund.

12. To see if the town will vote to raise and appropriate the sum of \$400 for the control of White pine blister rust.

13. To see if the town will authorize the selectmen to borrow money in anticipation of taxes.

14. To see if the town will vote to retain the control dam and water right at Highland Lake as the permanent property of the town.

15. To see if the town will vote to approve the action of the selectmen in granting to the Boston & Maine Railroad the right to erect and maintain a new pumping system on land owned by the town at East Andover.

16. To see if the town wishes to take any action with regard to snow removal from private driveways.

17. To see if the town will vote to support United States membership in a general system of international cooperation, such as that proposed at the Dumbarton Oaks Conference, having police power to maintain the peace of the world.

18. To transact any other business that may legally come before this meeting.

Given under our hands and seal, this 17th day of February in the year of our Lord nineteen hundred and forty-five.

RALPH G. CHAFFEE,
EDWARD H. HAMP,
HENRY W. PILLSBURY,
Selectmen of Andover.

Selectmen's Summary and Recommendations

At the close of business on December 31st the town books show a surplus of assets over liabilities of \$3,598.56 for the eleven months since February 1st. By act of the last legislature the fiscal year will henceforth coincide with the calendar year.

The financial condition of the town throughout 1944 has been satisfactory. The reasonable \$26.00 tax rate was successfully maintained by your selectmen, despite a warning from the State Tax Commission that it would not provide adequate funds. Sale of the unused FWD truck and numerous properties acquired by tax title brought in enough additional money to carry on town business, to set aside the \$1,265 Capital Reserve for post war use, and to reduce the principal of the tax loan another \$1,500.

Frankly, we do not feel that the \$26.00 tax rate can be continued in the future. The current severe winter has burdened Andover and all other New Hampshire towns with heavy snow removal costs. With the possibility of severe road damage in the spring (unless the deep snow blanket melts very gradually) the highway picture is not too bright. As of February 15th snow removal costs already paid amount to \$3,225, with other bills not yet in. Higher costs for labor and materials in every department demand increased appropriations. Timber values are receding, and an increase in tax exemptions to soldiers as our boys return will cut another slice from the tax base. The new timber tax bill now before the legislature will benefit some of the poorer towns if passed, but will only mean a loss of standing timber values to Andover. The equalization fund will not apply here.

Town Government. Expenditures about equalled revenues. Election expenses were higher than usual, mainly due to absentee voting requirements. The same \$2,600 appropriation will probably be needed for 1945.

We regret the passing of Fred E. Emerson after seventeen years of service as Selectman.

Police and Fire Departments. We recommend the same appropriations in all subdivisions. Fire costs in 1944 were higher than usual, and greatly exceeded the appropriation, but such situations cannot be anticipated. During a period of years the current funds have proved adequate.

Police Chief Ellsworth E. Miller has asked to be relieved of his duties on Town Meeting day. We suggest that the meeting elect his successor.

Town Highways. The 1944 maintenance appropriations of \$5,000 proved adequate, with \$635.91 unspent, but must be increased for 1945. We are fortunate to date that no major breakdowns have tied up snow removal, but our equipment has taken a hard battering. Provision must be made for summer overhaul, tractor tracks and general repairs.

Last summer the State Highway Department tar crew was hired to apply blacktop to our town roads wherever possible, at a lower cost than could be obtained by hand labor methods. Using power equipment the Chase Hill road at East Andover was resurfaced and tarred in the fall, and gravel applied to many of our town roads. A new V type snowplow was purchased and installed on a rented tractor for use in light snow removal at the east end of the town.

The untimely death of J. Dale McLeod last summer left the west end without a road agent. Summer road work was then about completed, leaving snow removal the main problem. At that time the most satisfactory solution seemed to be to hire the truck plow personally owned by Mr. McLeod to do the same work it had done in the past, using the tractor plow only in emergencies. Needless to say, the winter proved to be anything but **average**, and all available equipment has been in almost constant operation since early in January.

The 1945 snow removal setup at the west end should receive much thought and discussion at the town meeting. The administrator of the McLeod estate has cooperated with the town during the present winter by supplying the truck snowplow and housing the caterpillar tractor as was done by Mr. McLeod when road agent. With the estate in the process of settlement the picture may be entirely different by next fall. The present quarters for the tractor are small and inadequate, and the truck may not be available next winter. Also there are few trucks remaining in town for summer road work.

Should the town purchase a dump truck and snowplow, and build new quarters to house both the truck and tractor? If so, the selectmen should be so instructed at the town meeting and money appropriated. Priorities, deliveries and construction take a long time under war conditions.

We believe that the town meeting should also give some time to a discussion of dooryard plowing. The originally adopted plan called for breaking out private drives once after each storm, **after** town roads had been opened up. This winter, when the road crews have been faced at times with an almost impossible task in keeping even the roads to the outlying districts open, driveway plowing has been a major headache. It seems pertinent to inquire whether the road agents and selectmen should be constantly heckled to keep private driveways clear of snow while farmers several miles out pile up milk and eggs behind drifted roads, and their production drops for lack of grain and supplies. The plea of the villager that it "will only take a few minutes" loses force when his case is multiplied by 120, the present number of private outlets asking service. In one case a tractor spent over two hours opening one drifted drive once. Average loss of time is probably nearly fifteen minutes. This represents a delay of thirty hours in breaking out the town, at a cost to the public many times in excess of the \$2.00 fee, to say nothing of extra wear and tear on equipment.

Should the town abolish driveway plowing except for emergency services, increase the fee to more nearly cover actual costs, or set up a system of priorities as to what service should come first? Your selectmen and road agents have taken a lot of unjustified complaints and abuse over dooryards when they were doing their best to give service to those who needed it most. They would like to see the matter settled.

Your selectmen hesitate to recommend a town road maintenance appropriation at this time, until winter is more nearly over. Certainly at least \$2,500 more than last year will be required, and additional if new equipment and housing is to be provided.

We do recommend that the \$2,000 blacktop fund be continued, and that the town take advantage of and appropriate its share of all T. R. A. funds which may be available when the legislature has completed its work.

The possibility of bad flood conditions exists this spring; may even come before this report is in your hands. We strongly urge **everyone** to cooperate in turning water out of the roads when the snow melts; particularly **during** any heavy rain. It is too late to go out after it stops raining; the road may be gone. We have few men and fewer trucks. If the roads wash badly it may take weeks and even months to put them back, and complaints to the road agents and selectmen won't help. Please guard your own roads. There is no one else to do it for you.

Cemeteries. About the same condition exists as one year ago. Little has been done except occasional mowing of the grass and filling of sunken graves.

Health Department. Miss Muriel E. Brooks took over her duties as District Nurse last July and has been constantly on the job since then. The nurse's car is one year older but still giving fair service.

We believe that a problem is steadily growing in connection with the nurse's duties which may call for some thought and regulation on the part of the nursing committee and the townspeople as well. There is a grow-

ing tendency to use the nurse and town car for taxi service in carrying adults and children to dentist appointments, to out of town doctors, and on general errands. Much of this sort of work is undoubtedly necessary and above criticism, but it is reaching the point where it interferes with her regular sick calls and work in the public schools, the primary duties for which the town employs a nurse.

Town Poor. The largest expense under this heading has become the town's 25% share of Old Age Assistance costs. There are at present 22 cases receiving this aid. Relief of able-bodied persons is no longer a problem. A \$3,000 appropriation for 1945 should be ample.

Capital Reserve Fund. The \$1,265 voted at the last town meeting has been turned over to the Trustees of Trust Funds in accordance with law and the capital reserve established. We believe that the town should set aside a similar amount again this year.

Tax Title Properties. As will be noted in the financial report your selectmen sold eight items of real estate acquired by tax collector's deeds, for a total of \$1,203.82. This was more than usual, and it is not likely that a similar revenue will be received from this source in 1945. Rentals of other properties gave an additional \$287.50.

Following the sale of three new camp lots located beyond the end of the present summer road on the west side of Highland Lake, a bulldozer was employed last fall to extend the road far enough to serve them. With the sale of these lots the town received reimbursement in full for all tax claims, and the balance of the Cilley tract was quitclaimed back to Mr. Currier.

Throughout the past year negotiations have been carried on with the Boston & Maine Railroad for the establishment of a new pumping system for the railroad water tower at East Andover. Your selectmen have granted the railroad permission to erect a small building below the upper dam, where a submerged electric pump will

take water directly above the dam itself and send it to the tower. In this way it will no longer be necessary to waste thousands of gallons of water from Highland Lake to turn the old water wheel now used for pumping, and the lake level can be kept under better control. When the new system will be installed we do not know.

In this connection we believe that the town should vote to retain the control dam and the water right at Highland Lake as the permanent property of the town. At present it is, like other tax title properties, in the hands of the selectmen to administer or sell as they deem proper. The continued control of Highland Lake outlet would seem more in the public interest than any revenue derived from its sale. Article 14 in the warrant covers this.

A War Memorial? This subject has come up from time to time, and is one which all should be thinking about. From year to year we have tried in these Town Reports to include an up to date list of all Andover men and boys who have gone into the armed forces, and our two local Granges have kept Honor Rolls of those going from their respective parts of the town. We have felt that this is the least that should be done until such time as some more permanent form of memorial or honor roll could be established.

What kind of action should be taken, or what form of memorial established, is something for all of us to decide. Shall it be one of the customary outdoor Honor Rolls, costing perhaps \$400 or \$500, easily obtained and too soon forgotten and neglected; or shall we set our sights higher and aim for some more useful and living memorial? Perhaps a Memorial Library, filling two needs in one.

Andover's quota for the 1944 War Chest Drive was \$481.00. Victor E. Phelps, Chairman of the Drive, reports that \$839.15 was raised.

REPORT OF VICTOR E. PHELPS FOREST FIRE WARDEN

Andover has again been fortunate during 1944, in that there were no forest fires which did any material damage to woodlands, other than the costs of putting them out. During the season there were four slash fires following lumbering and wood cutting operations, and two grass fires set by locomotive sparks, none of which attained serious proportions.

Much credit goes to the Proctor Academy forest fire unit for its prompt response to fire calls and the service rendered by the students in attacking the fires. Following the slash fire on the Rollins Lot the Proctor boys voluntarily turned back to the town \$34.45 from their payroll to be used in purchasing more fire tools for their unit. These were purchased and the group now has better equipment for future emergencies.

Lumbering still goes on throughout the town, with the resulting accumulation of slash making our forest fire hazard greater than ever for 1945.

I must ask everyone to obtain permits before doing any outside burning after the snow melts, and to report all forest fires at once so that they may be put out as soon as possible.

We all regret the passing of our former warden, Fred E. Emerson.

VICTOR E. PHELPS,

Forest Fire Warden.

REPORT OF ANDOVER TOWN LIBRARIES

The library at East Andover has been the recipient of a large number of books during the year. So many different ones have contributed that space does not allow giving the names.

Again from the Fortnightly Club we received twenty-three children's books, and thirty-three juvenile books were sent us from Greenacres School in New York.

The stove purchased during the fall is very satisfactory in keeping the library warm and comfortable.

The library at Andover has also received gifts of a number of books and magazines from friends of the library. Several new books have been purchased and placed on the shelves.

THE STATE OF NEW HAMPSHIRE

To the Inhabitants of the School district in the town of Andover qualified to vote in district affairs:

You are hereby notified to meet at the Town Hall in said district on the 13th day of March, 1945, at 2:00 o'clock in the afternoon, to act upon the following subjects:

1. To choose a Moderator for the coming year.
2. To choose a Clerk for the ensuing year.
3. To choose a Member of the School Board for the ensuing three years.
4. To choose a Treasurer for the ensuing year.
5. To determine and appoint the salaries of the School Board and Truant Officer, and fix the compensation of any other officers or agent of the district.
6. To hear the reports of Agents, Auditors, Committees, or Officers chosen, and pass any vote relating thereto.
7. To choose Agents, Auditors and Committees in relation to any subject embraced in this warrant.

8. To see if the district will vote to make any alteration in the amount of money required to be assessed for the ensuing year for the support of public schools and the payment of the statutory obligations of the district, as determined by the school board in its annual report.

9. To see if the district will raise and appropriate Eight Hundred Dollars (\$800.00) to meet a deficit for the current year.

10. To transact any other business that may legally come before said meeting.

Given under our hands at said Andover, this 12th day of February, 1945.

CHARLES H. PUTNEY,

RUTH F. STONE,

PAUL J. FENTON,

School Board.

Note: As the school report goes to the printer some time before the school warrant is posted, additional articles may be included in the warrant before posting.

Another major fire destroyed the farm buildings of Charles F. Sheldon on Taunton Hill on August 16th.

The schools will be closed on Armistice Day, Thanksgiving Day and the day after, and Memorial Day.

Attendance at the State Teachers' Convention is advised, and at the two Institutes, required. Days spent in attendance at the two Institutes and one day at the State Teachers' Convention will be considered as spent in the service of the District.

The morning session of the elementary schools will be from nine o'clock until twelve o'clock, and the afternoon session from one o'clock until four o'clock. Teachers should arrange their time tables so that the formal work of the day is over at three-thirty, and use the remaining time until four o'clock for individual help.

Elementary teachers should arrive at the school building not later than eight-thirty in the morning, and in cold or inclement weather such pupils as wish should be allowed to enter at eight-thirty. A teacher should be on duty in each building during the noon hour.

No pupil is allowed to enter the first grade for the first time unless he will be six years old on the first day of March following the opening of school in September.

Another Enemy To Conquer

Here is a home front fight that everyone can get into. Last year in this State 558 brush and forest fires burned over 4,648 acres of land, of which 2,788 acres were valuable timber and young growth. With available manpower the lowest of any year since the war started, you can help to keep this loss down by preventing these fires from starting.

Keep in mind these simple rules:

1. Always get a permit from your forest fire warden before starting any fires in the open. Burning under certain conditions is permitted.
2. Never burn unless you have enough help to control your fire—a permit does not excuse you of negligence in case it gets away.
3. Always report any uncontrolled fire promptly to your forest fire warden. Minutes lost are acres lost.
4. Be especially careful with cigarettes, matches and pipes. Smokers caused most of our fires.
5. Never leave a fire unless it is dead out. You can't feel safe while there is a spark left.
